

DESPERATE HOUSECAT

ACE A757064

Handsome **ACE** arrived at AAC when his owner moved and couldn't take him along. **ACE** had an injury when he came in and subsequently got sick at the shelter, so he's been a bit stressed and shy, but he is friendly and affectionate in spite of the treatments he's received.

His prior owner reported that he is relaxed with other cats, but fearful of dogs and children. We think **ACE** deserves to get back in a home environment ASAP, one that won't abandon him next time there's a move.
