

DESPERATE HOUSECAT AUDREY A879617

AUDREY is very shy, even about having her photo taken. 😊 She was brought to AAC as a stray with a lame back leg. Her right tibia was broken, and it was surgically stabilized with a pin, plate, and screws. We moved **AUDREY** into a foster home for weeks of kennel rest, and follow up x-rays confirmed that her leg is completely healed. After a slow return to normal activity, **AUDREY** is now ready for her forever home. In the future, if she exhibits any lameness, the pin may need to be removed. **AUDREY** loves to be petted, and may be a lap cat. Because she's so shy, she needs time to acclimate to a new home.
