

# DESPERATE HOUSECAT BP A828327

**BP** is a lap cat! **BP** is affectionate! **BP** is **BULLETPROOF**! He was brought to AAC after being shot in the eye with a pellet gun. But please don't feel sorry for him. **BP** is the **happiest** cat you will ever meet! It took him many months to recover (including losing both of his eyes), but he is now ready for a very special forever home! **BP** adapts well to a **CONSISTENT** environment (one story, no hazards). He likes belly rubs, and just wants to be in someone's lap. He purrs all the time, and is easy to handle. He is great with other cats, and needs a cat buddy to be his 'eyes'. **BP** **MUST** go home with a patient adopter who will help him navigate his new **SIMPLE** surroundings.
