

DESPERATE HOUSECAT BABY A744240

Wide-eyed and Stinkin' Adorable! That's **BABY!** She was brought to AAC because she didn't get along with her owner's dogs. **She's been 'passed around' her entire life (she's had three owners, all in the same family) and would really like a permanent home. **BABY** is a total lap cat and is easy to handle. She likes being held and enjoys being brushed. She seeks attention and is a social eater (she'll go to the food dish after being petted). **BABY** is good with other cats, and plays with one of her foster siblings. With her you get the best of both worlds: a chill cat to snuggle with, and an excitable cat to play with.**
