

DESPERATE HOUSECAT BONNIE A760651

Beautiful **BONNIE** is very shy and skittish, and needs a patient adopter who will give her time to adjust to a new home. She arrived at AAC as a stray, dehydrated and not eating. Our fabulous veterinary staff treated her, and after a complete recovery, we moved her into a foster home.

BONNIE is a cat's cat, and is very relaxed while hanging out with her foster siblings. She will hide when her foster mom enters the room, but she is easy to pull out. She enjoys being petted and held, but is nervous and needs more time to trust humans again. **BONNIE** is playful, petite and quiet. In addition to being wonderful with other cats, she may be fine around dogs.
