

# DESPERATE HOUSECAT BRODIE A847535

**BRODIE** is the **BEST!** He was brought to AAC as a stray, so we don't know anything about his life before arriving at the shelter. Stressed in the shelter environment, we moved **BRODIE** into a foster home so he could relax and show his true personality. Because he's shy, he needed some time to acclimate, but once he did, he turned into a **wonderful companion**. **BRODIE** is very playful, and gets along well with his feline foster sibling (they love to chase each other around). He also enjoys chasing his own tail (**CUTENESS** alert!). When he's not playing, **BRODIE** is super affectionate, following his humans around. He loves to cuddle at every opportunity. He'll sit between cushions and make himself extremely cozy.
