

# DESPERATE HOUSECAT BRUTUS A750491

Stinkin' adorable, super affectionate, and a bit on the LUCKY side! **BRUTUS** was brought to AAC as a stray with spinal trauma and pelvic fractures (he was probably hit by a car). Unable to bear any weight on his rear legs, we moved him into a foster home for an indefinite period of cage rest. **BRUTUS** needed 'help' voiding his bladder (ask his foster mom if you want details 😊), and was the perfect patient. Gradually increasing his activity over several months, **BRUTUS** completely regained use of his legs and his litter box habits. He is no longer on cage rest, and he is the SWEETEST feline! **BRUTUS** deserves the PURR-fect home!
