

DESPERATE HOUSECAT BUNNY A881197

BUNNY arrived at AAC with several other cats, and all of them were treated for intestinal issues. Now that she's completely recovered, **BUNNY** is ready for her forever home. She is very shy and is gradually warming up to humans. She qualifies as a **CACTUS CAT** (<http://austintexas.gov/page/cactus-cats>) and is going through clicker training. It's best to approach **BUNNY** slowly, and to offer her some wet food (which she loves). **BUNNY** is fantastic with other cats, and would be happiest in a quiet home with at least one cat buddy. This cat friend will likely help her as she becomes more comfortable with people. **BUNNY** is very sweet, and as she gains trust, she will make a wonderful companion.
