

DESPERATE HOUSECAT CALYPSO A751093

CALYPSO is adorable! She arrived at AAC as a stray, and although she's a little shy when she first meets you, she warms up quickly. We don't know a lot about her, but we do know that **CALYPSO** seems to be a lap cat, and loves being petted and held. She is very easy to handle. **CALYPSO** is so calm that we believe she would be fine with other cats, and possibly with dogs. She would probably also be good with older children.
