

# DESPERATE HOUSECAT CAROLINE #A694968

Adorable and petite, **CAROLINE** is a little shy when she first meets someone, but warms up quickly and becomes very friendly. She was brought to AAC as a stray, and because she doesn't like other cats, she moved into a foster home. **CAROLINE** has early chronic renal disease, which is common in older felines. It has progressed very little since her arrival. She is currently (and should remain) on a special diet (k/d) to help preserve kidney function. Her foster mom tells us that **CAROLINE** LOVES to have her head scratched, and is a lap cat. **CAROLINE** does well with young children and small dogs.

- ◆ 9 years old, brown and white tabby, spayed
- ◆ INTAKE: 1/7/2015
- ◆ Talkative
- ◆ Lap cat
- ◆ Very Friendly
- ◆ Doesn't like other cats; Fine with young children and small dogs
