

DESPERATE HOUSECAT CHERRY A911942

Looking for a snuggler? Then you have to meet **CHERRY**! As soon as he arrived at AAC, he was friendly and affectionate. He arrived with a badly infected eye, which is healing nicely. In addition to cuddling, **CHERRY** will probably want to be near you, and is most likely a lap cat. He may do well around other cats, and probably will be good with children.
