

DESPERATE HOUSECAT CHIP 6343

We'll say it again. We LOVE the big-cheeked males! **CHIP** was brought to AAC from a cat community, and is much too sweet to be living on the streets. He's quite shy with new people, so our team of volunteers and staff who specialize in working with **CACTUS CATS** - <http://austintexas.gov/page/cactus-cats> is helping **CHIP** to adjust. His best situation will be a quiet home where he receives plenty of encouragement while he's building trust. He's also comfortable with other cats (he likes to cuddle with them), so a home with a cat friend would probably be beneficial. Give **CHIP** some time and patience, and we feel certain you will be rewarded with a loyal, affectionate companion.
