

DESPERATE HOUSECAT CINNAMON A867268

Adorable **CINNAMON** was brought to AAC through our community cat program. She was **friendly at first**, but when she developed an eye infection and had to receive several treatments a day, she **started getting wary of being handled** (understandably). **CINNAMON** is now very shy and scared because she's been at the shelter so long. She usually hisses when you first approach her, and is so afraid that she shakes. When staff and volunteers who work with **CINNAMON** offer her Churu, she will eat it and then **start purring**. She has also shown interest in straw toys. We believe that **CINNAMON** will be a very affectionate cat once she gets past her fear. She needs a quiet home with someone who will patiently work with her consistently.

- ◆ **DOB: 6/29/2022, torbie, spayed**
- ◆ **INTAKE: 10/14/2022**
- ◆ **Extremely shy and scared; starts purring after eating Churu**
