

DESPERATE HOUSECAT CODY A888830

CODY was brought to AAC as a stray with several other cats (including **CHANEL**) after their owner passed away. He has been stressed in the shelter environment, and he's very shy, so **CODY** qualifies as a **CACTUS CAT** (<http://austintexas.gov/page/cactus-cats>). He is benefiting from clicker training, and from being in a room with other cats. **CODY** will likely be happiest in a quiet home with at least one cat buddy. He'll need time to adjust, but once he does, **CODY** should make a great companion.
