DESPERATE HOUSECATS

CORNBREAD A822929 & TURTLE A822933

~~~MUST BE ADOPTED TOGETHER~~~

Who doesn't LOVE a bonded pair! **CORNBREAD** and **TURTLE** were brought to AAC with a number of other cats after their owner passed away. They are definitely BFFs: they bathe each other and are often found cuddling together. Their foster mom told us that it has been very entertaining to watch their distinct personalities and quirks interact. **CORNBREAD** is playful and loves to be where the action is. **TURTLE** is more relaxed and perfectly happy lounging around all day. Both of them love to be around people and have great litterbox manners. They have not shown any aggression or other unwanted behaviors. **CORNBREAD** and **TURTLE** are great with other cats, and may be fine with dogs. They are probably good around children.
