

# DESPERATE HOUSECAT COSETTE A743281

Beautiful little **COSETTE** didn't have an easy start in this world, but it's getting better! When she was just 4 months old, she arrived at AAC with a fractured pelvis and a broken left rear leg. After surgery, **COSETTE** moved into a foster home: tiny, scared, and in pain. She was not receptive to affection, but once she hurt less, she figured out that humans are givers of chin scratches, heating pads and yummy food. 😊 **COSETTE** is now completely healed and thinks that humans are AOK! She plays and chases everything that moves, and is very affectionate and devoted to her foster mom. **COSETTE** gets along very well with other cats and dogs.
