

DESPERATE HOUSECAT

CURTIS JACKSON A821721

You **HAVE** to meet the “**SWEETEST CAT!**” **CURTIS JACKSON** first arrived at AAC in August, 2020 as a stray. He was adopted but was returned months later because he contracted ringworm (which is easily treatable). Because he is **more susceptible to infection**, it is recommended that **CURTIS JACKSON** receive an oral medication for just one week each month to prevent a recurrence. He **also** has a **chronic issue** with his nose and one of his front toes that doesn't require treatment. The raw tissue simply scabs, falls off, and then repeats the cycle. **CURTIS JACKSON** is well worth the little extra attention he requires. **He just wants love and cuddling!**

- ◆ 9 years old, white and blue, neutered
- ◆ INTAKE: 1/22/2021 (previously 8/18/2020)
- ◆ FIV+: (<http://desperatehousecats.info/fiv.html>)
- ◆ Lap Cat and cuddler
- ◆ Needs occasional oral medication to prevent infection
- ◆ Good with other cats; May be fine with dogs; Probably good with children

To adopt **CURTIS JACKSON**, visit www.austintexas.gov/department/adopt-pet
