

DESPERATE HOUSECATS

FEZ A762367 & GENERAL A762368

Brothers **FEZ** and **GENERAL** are very bonded and must be adopted together. They lived their entire lives with one owner, who made the extremely difficult decision to bring them to AAC due to severe allergies in the family. They are currently living in a foster home with their mom **TIGGY** and their sister **BIRDY** (the entire family would LOVE to be adopted together). Besides being very handsome, **FEZ** and **GENERAL** are mellow, friendly and affectionate. They are both a little shy with new people, but within a short while they will be very comfortable in their new environment. **FEZ** and **GENERAL** have lived with dogs, but not with other cats (besides **TIGGY** and **BIRDY**).
