

DESPERATE HOUSECAT FLUFF A743900

DANGER!!! ☺ Gorgeous AND Friendly! FLUFF was brought to AAC as a stray with an infected front paw. After receiving wonderful care from our vet services staff, he has recovered completely and is ready for his new home. **FLUFF** is mellow and seeks attention. He sometimes gives 'luv nips' while being petted, but he's just returning the affection. **FLUFF** is fine with other cats and would probably be fine with older children.
