

DESPERATE HOUSECAT FLUFFY A727600

Beautiful **FLUFFY** LOVES to be petted and brushed. The only owner she ever knew brought her to AAC because they were moving and couldn't take her along. The only pet in the household, the shelter environment overwhelmed her, so we moved **FLUFFY** into a foster home. Her mouth was bothering her, so she had a major dental cleaning with extractions in September 2016, and now feels much better. Her kidney values were normal, but her urine was a little dilute, so she may have early kidney failure. **FLUFFY** is playful at times. She gets along with other cats, but prefers to be the only one.

- ◆ 10 years old, lynx point, Siamese mix, spayed
- ◆ INTAKE: 5/23/16
- ◆ Adores being brushed;
- ◆ Enjoys being petted; will sit next to you
- ◆ Needs a quiet home
- ◆ Fine with other cats but would be happiest as the only pet in the home; Good with older children

To adopt **FLUFFY** or any animals at AAC, visit www.austintexas.gov/department/adopt-pet
