

DESPERATE HOUSECAT FRANCESCA A749586

Young **FRANCESCA** has been through a lot, and she's still stinkin' adorable! She arrived at AAC as a stray with a badly injured leg (she was probably caught in something). After her **right hind leg was amputated**, she spent some time in a foster home completing her recovery. **FRANCESCA** is a cat's cat. She quickly made BFFs with several of her foster siblings, playing and napping with them. She **IS** very shy with new people, and needs a patient adopter who will give her time to adjust. **FRANCESCA** would like a home with at least one other cat buddy to pal around with.
