

DESPERATE HOUSECAT GOMEZ A866602

GOMEZ was brought to AAC as a stray with his sister **MORTICIA A866603**. They don't need to go home together, but they get along very well if you're interested in adopting a pair. **GOMEZ** qualifies as a **CACTUS CAT** (<http://austintexas.gov/page/cactus-cats>) because he is very shy with humans. Thanks to clicker training provided by staff and volunteers, he is building his trust. **GOMEZ** is good with other cats, so he would probably flourish in a home with a cat buddy. He is low maintenance and easygoing. **GOMEZ's** best adoption will be into a quiet home without young children, with plenty of time to acclimate to a new environment and to new people.
