

DESPERATE HOUSECAT GRETA A752525

GRETA is very shy, but once she trusts you, she is very friendly and affectionate. She was brought to AAC because her owner could no longer take care of her. **GRETA** is wonderful with other cats, and spends most of her time on the group room catio (she's used to being indoor/outdoor). She is playful, but is equally happy just hanging out. **GRETA** needs a very experienced and patient adopter who can provide her with an indoor/outdoor environment. She doesn't like dogs, and given her shyness, she may not do well with children.
