

DESPERATE HOUSECAT GUS A903473

GUS is a former community cat who was brought to AAC in search of a better life! He does very well with other cats, so he may be happiest in a quiet home with at least one cat buddy. **GUS** is a shy guy, which qualifies him as a CACTUS CAT - <http://austintexas.gov/page/cactus-cats>. Through clicker training, volunteers and staff are helping him become more confident. **GUS** likes Churu, which is a great way to win him over. He's never aggressive, but he is nervous. He can often be petted on the head (go slow). **GUS** will need time and a patient adopter to acclimate to a new home.
