

DESPERATE HOUSECAT HIGGINS A741516

HIGGINS has 'Got It Goin' On'! This super handsome and super friendly feline was brought to AAC as a stray with injuries consistent with having been hit by a car. Very weak in his hind legs (due to spinal trauma), we moved **HIGGINS** into a foster home to give him time to recover. Over the next few weeks he became stronger and regained complete use of his legs. He's now resumed normal kitty activities, including playing, hanging out in a sunny window, and sitting in laps. **HIGGINS** is very affectionate and is great with other cats. We don't know how he is with dogs, but he's probably fine with children.

- ◆ 1 year old, silver and white tabby, neutered
- ◆ INTAKE: 6/2/2017
- ◆ Friendly and playful
- ◆ Lap Cat
- ◆ Affectionate – will come up to you for affection
- ◆ Good with other cats; unknown around dogs; probably good with children

To adopt **HIGGINS** or any animals at AAC, visit www.austintexas.gov/department/adopt-pet
