

DESPERATE HOUSECAT JEWEL A350276

JEWEL is as friendly and mellow as she is gorgeous! She was adopted from AAC as a kitten, and recently found herself back at the shelter as a stray. She is a lap cat, enjoys belly rubs, and is very affectionate. She absolutely loves attention. **JEWEL** seems fine with other cats, but we don't know how she is with dogs. She is so sweet, she is probably fine with children.
