

DESPERATE HOUSECAT

JOHN WAYNE A880893

JOHN WAYNE arrived at AAC with a number of other cats from the same home. Because they previously received little or no socialization, each of them needs time to acclimate to a new environment and to humans. At a minimum, in a new home, these cats need: a quiet and safe place, an experienced adopter (or foster) to continue working with them as they get more comfortable with humans, and a cat buddy to help them feel more confident. **JOHN WAYNE** is often seen hanging out with some of his roommates. He will need plenty of time to be comfortable with humans.

- ◆ 1 year old, orange tabby, neutered
- ◆ INTAKE: 5/15/2023
- ◆ Usually near one of his roommates
- ◆ Needs a good amount of time to be comfortable with humans
- ◆ Very handsome
- ◆ Great with other cats; Unknown around dogs; Not recommended for young children
