

DESPERATE HOUSECAT KALI A747676

KALI is a bit nervous in the shelter environment, but we know that away from here she will blossom! She was brought to AAC after living with just one owner her entire life because they were moving. Her owner told us that **KALI** is a lap cat, and is very friendly and sweet. She is mellow, talkative and somewhat independent. **KALI** is used to living indoor/outdoor, and LOVES being on the catio in her group room. **KALI** is fine around other cats and is very tolerant of children and dogs.
