

DESPERATE HOUSECAT LAILA A881783

LAILA has a gorgeous coat (more of a chocolate color) that is very soft! She was brought to AAC with her young kittens, and now she's ready to be pampered in her own home. She caught a kitty cold in the shelter and was very easy to treat. **LAILA** is a little shy when you first meet her, but go slowly and soon she'll be in your lap or enjoying being petted near you. She'll even give you some elevator butt. 😊

LAILA is fine with other cats, but we aren't sure how she is with dogs and children.
