

DESPERATE HOUSECAT LEO A911015

LEO was brought to AAC as a stray, very thin, and with a few injuries. He also caught a kitty cold. He received treatment for everything, made a complete recovery, and is now ready to be out of the shelter. **LEO** is very shy with people, and tends to hide. We believe that in a real home (either through foster or adoption) he will relax, and in time will be comfortable with humans. **LEO** is great with other cats, and may do best in a home with a cat buddy.
