

DESPERATE HOUSECAT LILAC 24417

Lovely **LILAC** has got some sass, but can really put on the charm for food and treats! She and several other cats arrived at AAS from the community, and she did not like the shelter environment. Now that she's in a foster home, **LILAC** is becoming a wonderful companion; her people skills are improving every day. She is very sweet and loves to play (especially hunting games). She also **LOVES** treats and catnip—she will roll around when a little catnip is rubbed on her toy carrot. **LILAC** is petite, moving like a dainty ballerina when she poses at the window to watch the squirrels. She is confident around people she doesn't know as long as they respect her boundaries and let her make the first move. She enjoys being petted in moderation (and will purr), but will smack you once she's done. **LILAC** has tons of potential, and just needs a patient, experienced human who will give her time while she continues to work on her manners. **LILAC** needs to be adopted or placed in a new foster home soon so that she doesn't have to return to the shelter.
