

DESPERATE HOUSECAT LINDY A751252

Good Grief! Someone PLEASE adopt 'PERFECT' **LINDY** so all the other DHCs can have a chance at finding homes! 😊 She was brought to AAC as a stray with three tiny kittens, and didn't adjust well to the shelter environment (she wouldn't let staff check on her kittens). After the family moved into a foster home, **LINDY**'s instinct was to hide, but she adjusted very quickly and was easy to handle. She's a wonderful mom who plays with and grooms her kittens. Her instinct is to find a dark hiding place to curl up and nap, but she will always come out to get some love. **LINDY** gets along well with other cats and with respectful dogs. She LOVES the resident dog and will cuddle with him and follow him everywhere.
