

DESPERATE HOUSECAT LOLA A843620

Don't let **LOLA**'s 'sometimes' grumpy look fool you. She's sweet, nice and friendly. All 18 lbs of her! **LOLA**'s had just one owner her entire life. They brought her to AAC because she started peeing outside the litter box after they got a new dog (a common "I'm unhappy" behavior). She is easy to handle and **wants to be near her human**. **LOLA** loves to purr, and she is **gentle and quiet**. She can be independent, but will also lay right next to you for cuddles (and purr time). **LOLA** tolerates other cats, but would LOVE to be the only pet in the household.
