

# DESPERATE HOUSECAT LULU #A698987

Gorgeous **LULU** is a SUPER sweet gal who needs a patient and gentle adopter. Her life has been a bit rough so far. She was a feral kitten who was adopted and then brought to AAC 11 years later when her owners moved (no wonder **LULU** needs time to trust new people). She had bladder stones when she first arrived at the shelter, which were removed. She needs a prescription food for the rest of her life (the cost is only \$15 - \$20 a month). In her foster home, **LULU** is very undemanding. She loves to be petted as you walk past her, and will give you adorable little licks on your hand as a thank you. She eats treats right out of your hand, and enjoys watching the world out of a window. **LULU** is a beautiful decoration for any home.
