

DESPERATE HOUSECAT LYNNETTE #A738181

Stinkin' adorable and SUPER sweet! That's **LYNNETTE**! She arrived at AAC as a stray in November with an old injury (her left front paw is deformed) which doesn't keep her from normal activity. She was adopted in January but was returned a month later because her owners couldn't take care of her. **LYNNETTE** was so scared at the shelter that she didn't want to be handled, so we moved **LYNNETTE** into a foster home. Even though she's still very shy and hides sometimes, she's easy to pull out and hold. Once you start petting her, **LYNNETTE** relaxes and really enjoys it. She is a CAT'S CAT, and has a number of BFFs among her foster siblings. **LYNNETTE** would be happiest in a home with at least one other cat to be buddies with.
