

DESPERATE HOUSECAT

Sweet **MITTENS** lost her home when her owner had health issues. She's been at the shelter since early December and has been confused about what landed her in this place that reminds her of the vet's office. **MITTENS** was primarily an outdoor cat before coming to the shelter, and she gets along well with other cats. She's unknown around dogs and usually tolerant with children.

MITTENS likes to hide here, but it's easy to pull her out and hold her in your lap. She enjoys petting and needs time to warm up in the right environment and really just wants a cat savvy person to adopt her so she can go home!
