# DESPERATE HOUSECATS

MERLIN A836372 & HOWIE A837154

~~~MUST BE ADOPTED TOGETHER~~~

Can you FEEL the LOVE?!? ☺ **MERLIN** and **HOWIE** are BFFs, and have helped each other through the tough times. **MERLIN** arrived at AAC with a fractured right front leg and an injured tail. His tail was amputated, leaving him with an adorable bob. His leg was surgically repaired and is completely healed, although he still walks with a limp. Somewhat shy, **MERLIN** needed a buddy to boost his confidence, and to provide physical therapy through play. **HOWIE** arrived at AAC as an underweight, very lonely kitten. SUPER social with people, he needed a buddy to snuggle and play with when humans weren't around. **MERLIN** and **HOWIE** have received a full course of treatment for ringworm, and are now ready for adoption. Although they don't have any lesions, they may still be contagious. Living in a foster home, this adorable duo spends their days playing, harassing the resident felines, and snuggling with their foster parents.
