

# DESPERATE HOUSECAT

## Misty A764237

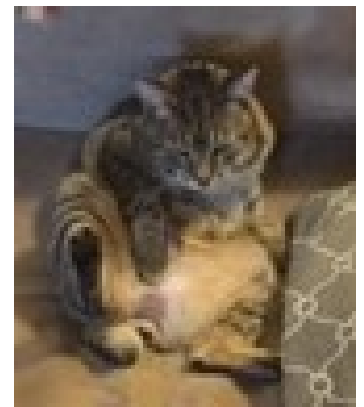

**MISTY** is adorable, affectionate and playful (check out the battle with the catnip banana)! 😊 She was brought to AAC after living with her owner for 9 years. Terrified in the shelter environment, we moved **MISTY** into a foster home so that she could relax. Once she did, she became very loving and attached. She will lie right next to you, or across your lap.

**MISTY** is very smart: when sitting in her lap, her foster mom will say (without moving), "I'm going to get up", and **MISTY** will immediately jump off. She likes to sleep at the foot of the bed. Given time to get used to a new environment and people, **MISTY** will be a sweet and loyal companion.
