

DESPERATE HOUSECAT MUFFY 26080

MUFFY and a number of other cats arrived at AAS from the community after their caregiver passed away. She is **extremely shy and nervous**, so she has joined our CACTUS CATS program - <http://austintexas.gov/page/cactus-cats> to receive some confidence boosting. **MUFFY** does well with other cats, so a cat friend who can help her feel more comfortable in her new home is best. Her human needs to be cat savvy and patient. Volunteers have reported that **MUFFY** can sometimes be gently petted with a back scratcher (go slow). Once she knows you, she may allow ear scratches and pets on her head.

- ◆ 2 years old, calico, spayed
- ◆ INTAKE: 5/15/2026
- ◆ Will be happiest with a cat buddy
- ◆ Adorable; Squeaky meow
- ◆ Anxious and timid; Needs time to warm up
- ◆ Great with other cats; Unknown with dogs;
Not recommended for young children
