

DESPERATE HOUSECAT MULBERRY A880864

MULBERRY arrived at AAC with a number of other cats from the same home. Because they previously received little or no socialization, each of them needs time to acclimate to a new environment and to humans. At a minimum, in a new home, these cats need: a quiet and safe place, an experienced adopter (or foster) to continue working with them as they get more comfortable with humans, and a cat buddy to help them feel more confident. **MULBERRY** is a hider, and is often in a cube with her pals **ELDERBERRY** and **PEAR**. Once she feels at ease in a new home (it will take awhile), she will probably hide less and enjoy being petted.
