

DESPERATE HOUSECAT NELS A876553

NELS is a handsome, calm, sweet boy who settled in quickly at his foster home. Brought to AAC as a stray, he's a bit on the shy side, so he **qualifies as a CACTUS CAT** (<http://austintexas.gov/page/cactus-cats>). He likes to hang out in the same room as his foster parents (including right next to them when they work from home), and he will settle under the coffee table or perch on a tabletop and then snooze the day away. Although **NELS** is mostly satisfied with the occasional ear or chin scratch as they walk by, **other times he will cuddle next to them on the couch, and he sleeps at their feet at night. Every now and then NELS will chase a toy or laser, but he's mostly a wallflower who is content to watch the action. When he's not catnapping, he loves to be petted, and he will rub his face on your hand and offer his chest and belly for rubs. NELS gets along with other cats, and would probably do well with respectful dogs and children, although he would also be fine as an only pet.**
