

DESPERATE HOUSECAT NEVILLE A836299

When **NEVILLE** arrived at AAC as a stray, he was miserable! He had an itchy skin condition, and he was confused and scared. He hated the shelter environment and was not easily handled.

NEVILLE was treated and his skin condition has completely cleared up. Because he is so shy, he's been living in a foster home to receive additional socialization. He **LOVES** other cats (of all ages) and needs to be adopted into a home with at least one cat friend. He's learning to trust humans again, and now lets his foster parents pet him (and sometimes pick him up). He comes out to greet them when they enter the room, often seeking affection. **NEVILLE** needs an adopter who will give him time to adjust to a new environment and to new people.
