

DESPERATE HOUSECAT OLIVER A905878

One of the sweetest cats you'll ever meet, **OLIVER** is a former community cat who agrees that the indoor life is where it's happening! We're pretty sure he was someone's pet before. **OLIVER** was treated for a URI at the shelter, but because he's **very shy**, he wouldn't eat, and he hid all the time. We moved him into a foster home for supportive care, and it wasn't long before **OLIVER** started eating, hiding less, and enjoying being petted and held by his foster parents. He's **extremely gentle and unassuming**. He will hide in a new environment (he's **easy to coax out**), but once he is comfortable, he will hide less and will seek affection (and a lap). **OLIVER** gets along with other cats, but he prefers to be only pet in the home.
