

DESPERATE HOUSECAT OUMA A821072

With her perfect smoky eye and dainty purr, **OUMA** is sure to steal your heart. She was brought to AAC as a stray, but she's definitely been someone's pet. This petite, demure lady is just the right size for sitting on your lap or snuggling in bed. She takes a while to warm up, but once she does, she gives you all her love. **OUMA** can cuddle on the couch for hours, and claims any soft spot as her own. This sweet-natured girl has a voice, and can roar louder than you would expect! She **LOVES** wet food, and even though she has very early kidney disease, she does not need a prescription diet. **OUMA** would thrive in a quiet home with no other pets and no young children, where she can be the center of your attention.
