

DESPERATE HOUSECAT PATTY A903375

PATTY was brought to AAC as a stray, and is most comfortable and confident with other cats around. She is very shy, which qualifies her as a CACTUS CAT - <http://austintexas.gov/page/cactus-cats>. **PATTY** is becoming comfortable with humans through clicker training, and can often be petted (be sure to go slow). She may hiss (she's never aggressive) and hide when you first meet her, so she needs a very patient adopter and at least one cat friend in her new home.
