

DESPERATE HOUSECAT PEACHY A898528

PEACHY is a sweetheart! His owner surrendered him to AAC, but provided very little information about him. We do know that change is hard for **PEACHY**, and he's not a fan of other cats (which made living in a kennel even more stressful). Now living in a foster home, he has slowly come to trust his foster mom, and loves being petted. However, there are other cats in the home, so **PEACHY** is still feeling a bit on edge. We'd love to see him move into a cat-experienced household (either through adoption or foster) where he can be the only pet, and get all the attention he wants and deserves. While **PEACHY** is adjusting to a new home, he is likely to be mouthy, but once he settles in and his stress level diminishes, he's going to be a very loving companion.
