

DESPERATE HOUSECAT PENELOPE A744809

Just look at those markings and that tail! **PENELOPE** is obviously gorgeous, and she's also cuddly and affectionate. She was first brought to AAC because her owner could no longer take care of her. She was quickly adopted, but found herself back at the shelter a month later. **PENELOPE** is good with other cats and dogs, and may be fine around older children. She **DOES** need time to adjust to a new environment. She can get overstimulated when being petted and will give gentle 'luv nips', so she needs an experienced adopter. **PENELOPE** is playful and is a lap cat.
