

DESPERATE HOUSECATS

PHILIP A914223 & **WILLIAM** A914225

~~~MUST BE ADOPTED TOGETHER~~~

**PHILIP** and **WILLIAM** are former community cats who were brought to AAC together, and who are very bonded. They are initially shy with people, which qualifies them as **CACTUS CATS** - <http://austintexas.gov/page/cactus-cats>. Currently living in a foster home, **PHILIP** and **WILLIAM** have had time to adjust to their new environment and to feel safe. Now they are both very affectionate and like to be petted. **WILLIAM** needs a little longer than **PHILIP** for his social skills to kick in. They are both so sweet. They love their catnip mice, looking out the window (feeling the breeze), napping, eating (of course), and sitting in the recliner with their foster mom (lots of purring).
