

# DESPERATE HOUSECAT PIGEON #A702369

**PIGEON** is a very large, very sweet feline. She was brought to AAC by her owner because they could no longer take care of her. **PIGEON** did not like the shelter (she was extremely nervous), so she moved into a foster home, where after a few days she relaxed, and now she's doing great. She loves to be petted and brushed, and may be a lap cat. She loves mealtime and bird watching. **PIGEON** will need time to adjust to a new home and to new humans, but once she does, she will be very friendly and talkative. She is fine with other cats, but wouldn't mind being the only pet in a quiet home.
