

DESPERATE HOUSECAT PINEBERRY A880876

PINEBERRY arrived at AAC with a number of other cats from the same home. Because they previously received little or no socialization, each of them needs time to acclimate to a new environment and to humans. At a minimum, in a new home, these cats need: a quiet and safe place, an experienced adopter (or foster) to continue working with them as they get more comfortable with humans, and a cat buddy to help them feel more confident. **PINEBERRY** is more socialized than most of her friends. She is easily handled, and loves to be petted. Just remember that she can still be shy, so take it slow. **PINEBERRY** is probably going to easily transition into a loving family member once she is out of the shelter.
